Cutting

WOF = Width of Fabric

Cutting diagrams have been provided for fussy cut fabric pieces for the quilt. These diagrams are only to be used as a guide. Bought yardages are cut straight from the bolt and the beginning and ending points of the repeat will differ from the diagrams. There has been extra yardage allowed in the fabric requirements to ensure that all of the fussy cut pieces can be cut no matter where the print repeat begins.

Appliqué cutting and sewing instructions for hand or machine appliqué are provided on page 12.

Fabric A, fussy cut:

(4) 16½" (41.91cm) squares, centered over the large flower motif
Set aside remaining fabric for appliqué.
Fabrics B and C, fussy cut from each:
(2) 16½” (41.91cm) squares, on point, over the floral motif
Fabric D, fussy cut:
(1) 16½" (41.91cm) square, on point, centered over the flower motif
(4) 4½" (11.43cm) squares, centered over the flower motif

Instructions

All seam allowances are ⅛” (.64cm) and pieces are sewn right sides together. Press after each seam in the direction of the arrows.

Log Cabin Blocks

1. Sew a 2½” x 4½” (6.35cm x 11.43cm) Fabric J rectangle to the left side of a 4½” (11.43cm) Fabric D square. Press the seam allowance away from the square. (Fig. 1)

   Fig. 1

2. Working in a clockwise direction, sew a 2½” x 6½” (6.35cm x 16.51cm) Fabric J rectangle to the top, a 2½” x 6½” (6.35cm x 16.51cm) Fabric G rectangle to the right and a 2½” x 8½” (6.35cm x 21.59cm) Fabric G rectangle to the bottom, to complete the first round of the block (8½” (21.59cm) square). (Fig. 2)

Quilt Top Assembly

Note: Follow the Quilt Layout and Appliqué Layout diagrams in unison, while assembling the quilt.

13. Follow the appliqué instructions on page 14 to appliqué just the fan blades to the Log Cabin blocks and 16½” (41.91cm) fabric squares, noting the final orientation of the fussy-cut prints.

14. Sew together a Side Setting Triangle, a Fabric A square, and a Top/Bottom Setting Triangle. Press the seam allowances towards the A square. Repeat to make (2) total of Row 1.

15. Sew together a Side Setting Triangle, a Fabric C square, a Log Cabin Block, a Fabric B square, and a Top/Bottom Setting Triangle. Press the seam allowances towards the B and C squares. Repeat to make (2) total of Row 2.

16. Sew together (2) Fabric E corner triangles, (2) Fabric A squares, (2) Log Cabin Blocks, and a Fabric D square to complete Row 3.

17. Sew the Rows together and add the remaining (2) Fabric E corner triangles to complete the Pieced Quilt Top (68½" (173.99cm) square). Press the seam allowances in one direction.

18. Follow the appliqué instructions on page 14 to add the ovals and circles to the fans to complete the Quilt Top.

Appliqué

Trace the Fan Blade, Oval and Circle templates onto template plastic and cut on the outside lines.

Follow one of the appliqué cutting and sewing techniques below or use your favorite method to appliqué the following fan blades, ovals and circles to the quilt top as indicated in the Appliqué Layout Diagram.

Fabric A, fussy cut and appliquéd:
(2) Circles, centered over a large flower; appliquéd over both Fan 1’s

Fabric A Cutting Diagram

Fabric E, fussy cut and appliquéd:
(6) Ovals, placing a flower center at one end; appliquéd over Fans 2 and 3

Fabric E Cutting Diagram
Fabric N, fussy cut and appliquéd:
(4) Fan Blades; appliquéd in Fan 1 on the Log Cabin Blocks

Fabric O, fussy cut and appliquéd:
(8) Fan Blades; appliquéd in Fan 1 on the Log Cabin Blocks

Fabric P, fussy cut and appliquéd:
(4) Fan Blades; appliquéd in Fan 3 on the Fabric C and D squares

Fabric Q, fussy cut and appliquéd:
(8) Fan Blades; appliquéd in Fan 3 on the Fabric C and D squares

Fabric R, fussy cut and appliquéd:
(20) Fan Blades, (10) with the flower on the right and (10) with the flower on the left; appliquéd in Fans 1 and 2, so the flower surrounds the center fan blade, on the Fabric A and B squares
**Fabric S, fussy cut and appliqué:**
(10) Fan Blades, placing a flower in the rounded end; appliqué in Fan 1 and Fan 2, on the Fabric A and B squares

**Fabric T, fussy cut and appliqué:**
(2) Fan Blades, placing a flower in the rounded end; appliqué in Fan 1, on the Fabric D square

**Fabric U, fussy cut and appliqué:**
(4) Fan Blades, (2) with the flower on the right and (2) with the flower left; appliqué in Fan 1, so the flower surrounds the center fan blade, on the Fabric D square
Raw-Edge Fusible Machine Appliqué
• Trace the required number of the specified fan blade, oval, and circle templates onto the paper side of the fusible web, leaving at least ½” (1.27cm) between shapes.
• Rough cut ¼” (.64cm) outside of the traced line on all shapes.
• Place the fusible web shapes paper side up onto the wrong side of the fabric, centering over the specified design, and fuse in place.
• Allow the pieces to cool completely and then cut out on the drawn lines.
• Remove the paper backing and place the appliqués, right side up, on the right side of the quilt top, placing the fan blades in the block/fabric square corners, leaving a ¼” (.64cm) seam allowance visible on the block/square edge, and the ovals and circles centered over the top of the fans once the quilt top is complete. Fuse in place.
• Once cool, use a straight, zigzag, satin, or buttonhole machine stitch with a thread that blends and sew along the edges of the appliqué to secure to the quilt top.

Finished-Edge Hand or Machine Appliqué
Fans
• Trace the required number of fan blades onto the flat side of the freezer paper and cut out on the drawn line. Transfer the start marks from the template pattern.
• Place the freezer paper shapes shiny side down onto the wrong side of the fabric, centering over the specified design, and fuse in place.
• Cut around each fan blade, adding a ¼” (.64cm) seam allowance.
• Place (2) fan blades right sides together, matching the raw edges. Starting at the mark on the freezer paper sew down one straight edge. Press the seam allowance open. Repeat to sew the fan blades into groups of three.
• Lightly starch the outside seam allowance of the fans.
• Thread a hand-sewing needle with a length of thread and sew a running stitch around one curved end of the fan blades within the seam allowance, leaving thread tails at the seam between the blades. Pull both ends of the running stitch so that the seam allowance gathers around the freezer paper template. Press the fabric curve. Repeat with all of the fan blades.
• Once the fans are dry, remove the running stitches and freezer paper and place the fans, right side up, on the right side of the quilt blocks indicated, matching the raw edges. Pin or glue baste in place.
• Hand or machine stitch, with a thread that blends, along the edges of the appliqué to secure to the quilt top.

Ovals and Circles
• Trace the required number of circles and ovals onto the wrong side of the fabric, centering over the specified design.
• Cut around each shape adding a ¼” (.63cm) seam allowance.
• Thread a hand needle with a length of thread and sew a running stitch around each fabric shape within the seam allowance.
• Lightly starch one fabric circle. Place the corresponding heat-resistant plastic template* onto the wrong side of the fabric circle and pull both ends of the running stitch so that the seam allowance gathers around the template. Press the fabric circle flat using a low iron temperature setting. Once dry remove the template. Repeat with all of the fabric circles and ovals.
• Remove the running stitch and place the circles and ovals, right side up, on the right side of the quilt top, centering over the specified fan. Pin in place.
• Hand or machine stitch, with a thread that blends, along the edges of the appliqué to secure to the quilt top.
• If you don’t have heat-resistant plastic, make a cardstock circle template and wrap the fabric/paper unit in aluminum foil, then press as directed.
Finishing

19. Sew together the 2½” (6.35cm) Fabric U binding strips end to end using diagonal seams. Press seams open. Press the binding strip in half wrong sides together.

20. Layer backing (wrong side up), batting, and quilt top (right side up). Baste the layers together and quilt as desired. Trim excess batting and backing even with the top after quilting is completed.

21. Leaving an 8” (20.32cm) tail of binding, sew the binding to the top of the quilt through all layers matching all raw edges. Miter corners. Stop approximately 12” (30.48cm) from where you started. Lay both loose ends of binding flat along quilt edge. Where the loose ends meet, fold them back on themselves and press to form a crease. Using this crease as your stitching line, sew the two open ends of the binding right sides together. Trim seam to ¼” (.64cm) and press open. Finish sewing binding to quilt.

22. Turn the binding to the back of quilt and hand-stitch in place.
