## Sewing

Note: All seam allowances are $1 / 4$ " $(0.64 \mathrm{~cm})$. Pieces are sewn right sides together. Press all seams open.

1. Refer to the table below and the Block Layout Diagram at right to sew the pieces listed below together in the order indicated in the table, making sure that the Fabric A, B, and C motifs are oriented correctly and strips are sewn to the top of the motif as shown (Fig. 2 shown right). Make the number of blocks for each as indicated below (Fig. 3 on page 6). The completed blocks should measure $127 / 8^{\prime \prime} \times$ $12^{1 / 8 "}(32.70 \mathrm{~cm} \times 32.70 \mathrm{~cm})$ including seam allowance.

2. To make a Side Triangle, sew the Fabric W, N, and $\mathbf{T}$ pieces in order as shown to the short straight sides of a Fabric V $2^{11 / 4 " ~(5.72 c m) ~}$ triangle. Trim the edges flush with the long edge of the center triangle*. Make (14) Side Triangles total (Fig. 4).
*Note: the outer edges of the side and corner triangles will all be on the bias and may stretch while assembling the quilt. If desired, wait until the top assembly and quilting are complete before trimming.

Fig. 4

3. To make a Corner Triangle, sew the Fabric
$\mathbf{W}, \mathbf{N}$, and $\mathbf{T}$ pieces in order as shown to the long bias edge of a Fabric V $25 / 8^{\prime \prime}$ $(6.67 \mathrm{~cm})$ triangle, matching the centers of each fabric piece. Make (4) Corner Triangles total. Trim even with edges of $\mathbf{V}$ triangle or follow note on page 7 and trim after quilting. (Fig. 5)

4. Make (7) different sashing strips as shown using (14) Fabric W $17 / 8^{" ~} \times 15 \frac{5}{8}$ " $(4.76 \mathrm{~cm} \times$ 39.69 cm ) strips , the Fabric $\mathbf{Y}, \mathbf{Z}$, and $\mathbf{A A}$ $17 / 8^{" 1} \times 14^{1 / 4 "}(4.76 \mathrm{~cm} \times 36.20 \mathrm{~cm})$ strips, and (2) Fabric $\mathbf{Y}$, (4) Fabric $\mathbf{Z}$, and (1)
Fabric AA $17 / 8^{\prime \prime} \times 12^{7 / 8 " 1}(4.76 \mathrm{~cm} \times 32.70 \mathrm{~cm})$
strips. (Fig. 6)

Fig. 6

## Quilt Top Assembly

Refer to Figure $\mathbf{7}$ on page 11 to assemble the quilt top.
5. Sew the $A, B 1, B 2$, and $C$ blocks and Side Triangles together into diagonal rows as shown with either a Fabric W, Y, Z, or AA $1^{7 / 8 "} \times 12^{7 / 8 "}(4.76 \mathrm{~cm} \times 32.70 \mathrm{~cm})$ sashing piece in between. Pay close attention to the layout diagram for the block placement and orientation and adjacent sashing color to begin the zigzag pattern. Add (2) Corner Triangles, centered on the blocks/Fabric W sashing strips, to the two longest rows as shown (Fig. 7 on page 10).
6. Sew the diagonal rows together with sashing strips 1 through 7 between them as shown. Pay close attention to the orientation of each sashing strip to complete the zigzag pattern across the quilt top. Sew the last (2) Fabric $\mathbf{W}$ sashing strips and Corner Triangles to the quilt top, centering the triangles on the blocks/ Fabric W sashing strips as in step 5. If the triangle blocks have not been trimmed already, trim the quilt top to straighten the edges, or if desired, wait until after quilting to trim and square the quilt.

## Finishing

7. Layer the backing, batting, and quilt top; baste the layers together and quilt as desired. If not already trimmed, trim the quilt to straighten the edges, using the outer Fabric $\mathbf{V}$ triangles as a guide.
8. Sew the binding strips end to end using diagonal seams to make one continuous piece. Fold in half wrong sides together and press the length. Sew the binding to the quilt top, mitering the corners. Turn the binding to the back of the quilt and handstitch in place.
