## FINISHING

- 8 Sew together (9) 2½" x WOF **Fabric F** binding strips end to end using diagonal seams. Press in half lengthwise with wrong sides together (WST). Set aside until the quilt is ready for binding.
- 9 Layer the backing (wrong side up), batting and quilt top (right side up). Baste the layers together and quilt as desired. Carefully trim excess backing fabric and batting even with quilt top.
- 10 Leaving an 8" tail of binding, sew binding to top of quilt through all layers matching all raw edges. Miter corners. Stop approximately 12" from where you started. Lay both loose ends of binding flat along quilt edge. Where these two loose ends meet, fold them back on themselves and press to form a crease. Using this crease as your stitching line, sew the two open ends of the binding together right sides together. Trim seam to ¼" and press open. Finish sewing binding to quilt.
- 11 Turn binding to back of quilt and blind stitch in place.
