Let It Snow

Preparation

Print the snowflake template in 3 sizes:
- Enlarge by 150% for 9” (22.86cm) snowflake
- Enlarge by 300% for 18” (45.72cm) snowflake
- Enlarge by 600% for 36” (91.44cm) snowflake

Trace (8) 9” (22.86cm), (4) 18” (45.72cm), and (1) 36” (91.44cm) snowflakes onto the paper side of the fusible webbing, leaving approximately 1” (2.54cm) between the snowflakes. Rough-cut each snowflake, outside the traced line. Place rough-cut shapes on the wrong side of indicated fabrics and fuse. Cut snowflakes out on the traced lines.

Cutting

WOF = Width of Fabric

Fabric A, cut:
- (9) 2½” x WOF (6.35cm x WOF) strips for binding
- (18) 2½” x WOF (6.35cm x WOF) strips for block piecing

Fabrics B, C, D, and E, cut from each:
- (18) 2½” x WOF (6.35cm x WOF) strips for block piecing

Fabric F, cut:
- (8) 2½” x WOF (6.35cm x WOF) strips for inner border
- (2) 18” (45.72cm) snowflakes
- (2) 9” (22.86cm) snowflakes

Fabric G, cut:
- (8) 4½” x WOF (11.43cm x WOF) strips for outer border

Fabric H, cut:
- (1) 36” (91.44cm) snowflake
- (1) 18” (45.72cm) snowflake
- (4) 9” (22.86cm) snowflakes

Sewing

All seams are ¼” (.64cm). Sew pieces right sides together.

25-Patch Blocks

1. Using (1) strip each from Fabrics A, B, C, D, and E, make a strip set by sewing strips together on long edges in random order. Strip set will measure 10½” x WOF (26.67cm x WOF). Make (18) strip sets total, varying the fabric arrangements (Fig. 1).

2. Sub-cut strip sets into 2½” (6.35cm) wide pieces. Pieces will measure 2½” x 10½” (6.35cm x 26.67cm). Cut a total of (280) pieces.

3. Arrange (5) pieces from Step 2 in a pleasing order to make 25-Patch Block. Sew together and press (Fig. 2). Repeat to make (56) total blocks, which should measure 10½” x 10½” (26.67cm x 26.67cm).

Quilt Top Assembly

4. Following the Quilt Layout diagram, arrange 8 rows of 7 blocks each. Sew the blocks together in each row. Press the seam allowances, alternating direction in adjacent rows.

5. Sew the rows together, matching seams, to make the quilt center, which should measure 70½” x 80½” (179.07cm x 204.47cm). Press.

6. Sew the (8) Fabric F strips together end to end to make a continuous strip. Sub-cut (2) 80½” (204.47cm) pieces and sew to each side of the quilt center. Press.

7. Sub-cut (2) 74½” (189.23cm) pieces and stitch to the top and bottom of the quilt center. Press.

8. Sew the (8) Fabric G strips together end to end to make a continuous strip. Sub-cut (2) 84½” (214.63cm) pieces and sew to quilt sides. Press.

9. Sub-cut (2) 82½” (209.55cm) pieces and stitch to the top and bottom of the quilt. Press.

Snowflakes

10. Remove the paper backing from the snowflakes and arrange on quilt top, using the quilt photo as a guide for placement. Following the manufacturer’s instructions, fuse the snowflakes to the quilt top.

11. Using a complementary color thread, edgestitch, zigzag, or decoratively stitch the snowflake edges.

Finishing

12. Sew together the (9) Fabric A binding strips end to end using straight seams. Press the seams open. Press the binding strip in half wrong sides together.

13. Layer the backing (wrong side up), batting, and quilt top (right side up). Baste the layers together and quilt as desired. Trim the excess batting and backing even with the quilt top after quilting is completed.

14. Leaving an 8” (20.22cm) tail of binding, sew binding to top of quilt through all layers matching all raw edges. Miter corners. Stop approximately 12” (30.48cm) from where you started. Lay both loose ends of binding flat along quilt edge. Where these two loose ends meet, fold them back on themselves and press to form a crease. Using this crease as your stitching line, sew the two open ends of the binding right sides together. Trim seam to ½” (.64cm) and press open. Finish sewing binding to quilt.

15. Turn the binding to the back of the quilt and hand-stitch in place.
